Local Plan Review Issues and Options - Milborne Port

South Somerset District Council is reviewing its current Local Plan which was adopted in March 2015.

When adopted, the new Plan will cover the period 2014 to 2034. This Issues and Options document is the first stage in the review process and is designed to stimulate debate on the key issues affecting our District.

Our Local Plan needs to consider options for where new growth in housing, employment and other infrastructure may go in the future. New evidence shows that the overall housing requirement may be lower in this Plan period. However, additional housing will still be needed; one reason being that the Plan period has been extended by six years. We need 13,200 houses between 2014 and 2034. Once all the houses that have already been built are included, plus houses that are currently under construction and those that have planning permission but have not yet been started, only around 6,000 new houses remain to be delivered through this Local Plan review.

New evidence supports an adjusted employment land requirement over the Plan period. Between 45-93 hectares of new employment land is needed district-wide to support business growth. This is a lower overall target than currently and the employment land target for each place will need to be reconsidered.

The Issues and Options document starts to consider the options for where new growth may go in the future - it identifies potential new sites for housing, employment and other forms of development in settlements including Milborne Port.

The current Local Plan proposes that 279 new homes be built in Milborne Port. It also sets a minimum target of 0.84 hectares of employment land to be developed in the town.

So far 227 new homes have been built and a further 29 are either being built or have planning permission, meaning that the current Local Plan requirement has almost been met. No employment land has been developed yet.

In this review, there are a number of options for housing growth in Milborne Port. No sites have been identified yet for employment land.

Milborne Port Options for Growth

Settlement and site ref	Site	Dwellings
MIPO 1	Land at Wynbrook Farm	30
MIPO 2	Land north of Manor Road	45
MIPO 3	Land south of Court Lane	30
MIPO 4	Land north of Wheathill Lane	110
Total		215

“ Question: Which of these options do you think should be taken forward through the Local Plan Review? ”

“ We want to know what your views are. We recognise that these are important issues, and that they can impact upon the way in which you live, work, study and enjoy your free time across South Somerset. We want you to help to inform the content of this revised Plan. ”

This sheet focuses on some of the key issues and options for Milborne Port; however the full Issues and Options document identifies options for growth and the policies affecting the general management of development across the whole District.

Please take some time to look at the Issues and Options document and come and see us at the following locations, where we can have a chat about the document and its content.

Issues and Options drop-in sessions

- 1 Nov Somerton Town Council offices (4pm-7pm)
